

HIV, AIDS & PREVENTION *CareLine*

We Care About Your Treatment Journey and We're Here to Help.

CONTACT US FOR FREE!

At Patient Advocate Foundation (PAF), we know that the prevention or diagnosis of HIV or AIDS can be overwhelming, cause stress and complicate daily life. A challenge like this distracts from what's most important-- treatment and recovery.

Our mission is to help patients access care and treatment recommended by their physician. PAF remains committed to offering financial, access to care and social needs navigation.

The HIV, AIDS & Prevention CareLine offers free, one-on-one support to patients and families to help them solve real-life problems related to their prevention or diagnosis. Whether you need help finding resources for financial aid, understanding coverage options, resolving issues with the insurance company, or applying for disability, we are here to support you.

All services are confidential and free of charge.

This program is operated by Patient Advocate Foundation.

ARE YOU ELIGIBLE?

- Diagnosed with HIV or AIDS. Or getting treatment to prevent HIV?
- Be in, just starting or just ending treatment?

IF SO, WE CAN HELP!

- Reduce financial burden with charitable and community resources
- Enroll in health insurance, disability, and social programs
- Navigate insurance denials, appeal support, and coding/billing issues
